

## Catella reinforces within debt advisory

Manuela Scheibe joins Catella's Capital Markets team and takes up the position as Director and Head of Debt Advisory at the Copenhagen office.

Manuela has a background within financing and for the past 10 years she has been employed at Danske Bank – most recently working with Danske Capital Markets in Stockholm, where she was engaged in high yield bonds, debt origination as well as in placing debt products to Nordic clients, including Nordic real estate companies and investors.

As Head of Debt Advisory, Manuela will be responsible for Catella's advisory services regarding capital markets-based debt products such as bond financing, mezzanine financing and regular asset-backed financing in terms of acquisitions, construction and refinancing to both Danish and Nordic clients in the finance- and real estate sector.

“Providing specialized advisory services and being the link between property and finance constitutes the very DNA of Catella, and in a time when the demand for customized financing solutions has increased due to a constantly changing market, we have been determined to further expand our real estate-related activities within capital markets. The recruitment of Manuela is not only evidence of our desire to continually serve our clients better, it is also a statement of our ambition to strengthen our position as an independent Pan-Nordic Investment Bank with activities in real estate M&A, Debt Advisory and Investment Management. We are pleased that Manuela has decided to continue her career at Catella”, says Jesper Bo Hansen, Head of Corporate Finance at Catella.

“I know Catella's business and its brand very well from my years within the Nordic capital market. I am really looking forward to contributing to the continuous development of Catella's unique market position. The company's strategy to strengthen its Debt Advisory platform here in Copenhagen, as a result of its Pan-Nordic expansion, is a great opportunity for me, which I look forward to pursuing”, says Manuela Scheibe.
