

SCRIBONA

PRESS RELEASE FROM SCRIBONA AB (publ) corp. reg. no. 556079-1419

October 13, 2005

Scribona establishes financing company in Sweden

Starting in November 2005 Scribona will offer its resellers the opportunity to sell end-user financing of IT equipment in the form of rental or leasing solutions. Financing activities will be closely tied to Scribona's offering as a distributor to the IT channel.

The financing business will be headed by Henrik Olsson who, together with specialists in sales financing, will ensure the concept's ease of use and accessibility.

The financing services will be marketed and sold through resellers and business partners in the Swedish market, which will have quick access to financing offers, customer credit checks and print-outs of contract documents via a user-friendly online financing service.

The rental and leasing solutions also include end-user services for simple handling throughout the entire product life cycle, such as collection and recycling of scrapped IT equipment.

Refinancing, credit risk and contract administration will be handled in close collaboration with external outsourcing partners.
