## Scribona continues to strengthen organization

### Hans-Åke Gustafsson new CFO and Vice President

Hans-Åke Gustafsson has been appointed CFO and Vice President of the Scribona Group with effect from January 2007. Hans-Åke holds master's degree in economics and until the end of 2005 served as CFO of TD Tech Data, where he was among other things responsible for the finance and accounting function in the Nordic regionalization process. Hans-Åke has longstanding experience in the Nordic distribution market and has been employed by Tech Data since 1994. Prior to this, he held positions such as Controller at Svenska Finans AB and Accounting Director at Rohm and Haas Nordiska AB.

Örjan Rebeling, the current CFO and Vice President of Scribona, will leave his post in January 2007. Örjan Rebeling has been CFO of Scribona since 2002.

"I believe that Scribona has the best overall opportunities for success of any distributor in the Nordic market. Scribona has come a long way in its renewal process, although much still remains to be done. I will focus on optimizing the company's resources in the areas that offer the most attractive business opportunities. At the same time, we will continue to look over the total cost mass in the company," says Hans-Åke Gustafsson.

"I am very pleased to have Hans-Åke on board, since he is one of the most experienced and business-driven CFOs in the Nordic distribution market," says Fredrik Berglund, President and CEO of Scribona.

"It is my hope that Fredrik Berglund and Hans-Åke Gustafsson, together with the rest of the executive management team, will lead Scribona into a new phase of development after the profitability problems of recent years. At the same time, I want to thank Örjan Rebeling for his valuable contributions at Scribona and wish him good luck in his future pursuits," says Scribona's Chairman Theodor Dalenson.
