

Catella strengthens property advisory services in Gothenburg

Catella has recruited Annette Utternäs as the new senior project manager for its property advisory services in Gothenburg.

Annette Utternäs will take up her position as senior project manager at Catella on 1 October 2014. Annette joins us from a position as co-owner and co-founder of Husjuristerna. She previously worked as a lawyer at SBC Sveriges Bostadsrättscentrum, and before that at Chalmers University of Technology. She has a master of laws degree and a master's degree in economics.

"We are so pleased that Annette is joining Catella. She strengthens our office in Gothenburg, particularly with expertise in property law, and she will quickly be able to participate in our ongoing projects. Annette has great energy and skill. She truly personifies the word "Execution" that we use to demonstrate one of Catella's strengths in advisory services. Annette will eventually become a partner at Catella," says Anne Almlund Rosengren, head of Catella's property advisory services in Gothenburg.

Catella's property advisory services comprise three service areas: Sales and Acquisitions, Financing, as well as Analysis and Evaluation. The business is established in 11 European countries and has more than 200 employees. The Swedish property advisory services have approximately forty employees and have offices in Stockholm, Gothenburg and Malmö.
