

Martin Nilsson joins Catella's funds

Martin Nilsson has been appointed as a new portfolio manager at Catella's fund operations. Martin has extensive experience in fund management as a portfolio manager and analyst at Nordea and Alecta.

"We are pleased and proud to announce Martin Nilsson as our newest portfolio manager. Catella has high ambitions for its fund management and Martin, with his solid background in management of Nordic equities, will be an excellent complement to the existing team," says Erik Kjellgren, Head of Catella's Swedish fund operations.

"We have grown significantly in fund management in recent years, and we are now further strengthening the team in order to develop the business. We provide funds with a geographical focus and expertise concentrated in the Nordic region, and Martin brings additional specialist knowledge of the Nordic market," says Erik Kjellgren.

Martin Nilsson will join Catella on 1 May 2015. Martin has many years of experience in various roles within both research and portfolio management. He joins us from Nordea, where he was a portfolio manager responsible for the management of a number of equity funds focusing on Nordic stocks. He previously worked as an analyst at Alecta.
