

Catella appoints Dominik Röhrich as Head of Investment Management

Catella Group announces the appointment of Dominik Röhrich as Head of Investment Management. He will lead the Group's Investment Management platform covering Fund and Asset Management operations across twelve European countries with over EUR 14 billion in assets under management. He will focus on driving pan-European growth, enhancing performance, and strengthening institutional partnerships. He will assume the position on 1 March 2026.

Dominik Röhrich brings over two decades of experience in real estate investment, fund management, and executive leadership. The appointment reflects Catella's continued commitment to strengthening its pan-European investment capabilities and delivering differentiated value to clients and partners. He succeeds Timo Nurminen who's retiring at the end of the year after 27 years within the company. Timo has led and successfully developed the business area since the inception in 2015. Since March he has been replaced by Jyrki Konsala as Acting Head of Investment Management.

"The appointment of Dominik Röhrich marks an important step in Catella's continued ambition to build a best-in-class investment management platform. His deep sector knowledge, strategic mindset, and proven leadership across European markets make him uniquely positioned to drive our next phase of growth. In addition, we also welcome him back to Catella. I also would like to extend my deepest gratitude to Timo Nurminen who have been instrumental in shaping the Investment Management business area since 2015," said Rikke Lykke, Group CEO at Catella.

As Head of Investment Management, Dominik Röhrich will lead Catella's investment strategies. He will collaborate with Fund Management and Asset Management teams to drive performance, develop new investment vehicles, and advance Catella's strategic goals—expanding in key markets, strengthening institutional partnerships, and integrating sustainability and innovation across the investment lifecycle.

Dominik Röhrich has held senior roles at leading European real asset investment firms, including over 14 years at PATRIZIA. Most recently, he was Managing Director at PATRIZIA Real Assets KVG GmbH and CIO DACH & Head of Fund Management – Core Commercial at PATRIZIA SE. Earlier, he worked as Asset & Investment Manager at Catella Real Estate AG KAG. He holds a Diploma in Business and Economics.

"I'm delighted to re-join Catella and its talented team in this new role. Real estate has been at the heart of my career from the very beginning, and I have a deep appreciation for its complexity, dynamic, and long-term value it can bring. I look forward to bringing that perspective to Catella as we continue to expand and innovate our pan-European investment management platform," said Dominik Röhrich, incoming Head of Investment Management.

**PRESS RELEASE**

22 October 2025 07:00:00 CEST

In conjunction with the appointment, acting Head of Investment, Jyrki Konsala has been named Head of Separate Accounts with effect from March 1, when Dominik Röhrich formally assumes his role.
