CEO's COMMENT

"A seasonally normal quarter with continued focus on organisational and product development"

Catella's core real estate operations made positive progress and we continued to improve profitability and make strategic advances. Investor interest in Catella's property funds remained strong in the quarter, Principal Investments continued to develop its business and Corporate Finance acted as a highly-regarded adviser on a seasonally more quiet property transaction market. Underlying income and operating profit are progressing in line with our expectations. Principal Investments sale of Grand Central contributed SEK 262 M in income and SEK 229 M to operating profit in the third quarter last year. Adjusting for this sale, profit before items affecting comparability increased by 85 percent to SEK 48 M.

Catella continued to see growing interest in its Property Investment Management offering. Despite strong inflow of funds, assets under management remained unchanged compared to the previous quarter, largely due to the termination of a couple of management agreements with low profitability, and a successful divestment in the UK. Principal Investments invested some SEK 100 M in ongoing projects. Furthermore, the business area divested a logistics property in France in the quarter, which contributed to Principal Investments' operating profit of SEK 7 M. The third quarter is normally weak for Corporate Finance, and 2021 was no exception, although the Swedish M&A market and residential transactions in France remained strong.

Operating profit for the remaining operations was SEK 51 M (259). Here too, the difference was due to the positive contribution from Principal Investments sale of Grand Central in the third quarter 2020.

Significant interest in investments in Property Investment Management's funds

Assets under management increased to SEK I 12 Bn, up by nearly SEK I 0 Bn year-on-year, adjusted for the divestment of CAM France and unchanged on the previous quarter. Two management mandates in Sweden and France totalling SEK 3.8 Bn were terminated in the quarter. This only had a marginal impact on operating profit and strengthens operating margin looking ahead. In the UK, APAM divested asset management mandates totalling SEK

I.3 Bn, generating some SEK IO M in variable income. Total inflows amounted to SEK 5.7 Bn, mainly attributable to capital raisings in the new fund Catella European Residential III and in Catella Wohnen Europe.

Operating profit for the quarter totalled SEK 57 M, down SEK 35 M year-on-year as PIM realized SEK 85 M in income and SEK 53 M in operating profit in connection with Principal Investments sale of Grand Central. Adjusted for this, operating profit in PIM increased from SEK 39 M to SEK 57 M driven by sustained strong development of fixed management fees, which where up by 7 percent.

Increase in principal investments

In Principal Investments, portfolio companies' total investments in development projects amounted to SEK 3.1 Bn at the end of the quarter, of which Catella's invested capital was SEK 0.8 Bn. This corresponded to an increase of some SEK 0.4 Bn and SEK 0.1 Bn on the previous quarter.

We completed a logistics property in France in the quarter (Moussey II), generating profit of SEK 5 M. In the fourth quarter, full profit recognition is expected to contribute to IRR of over 70 percent and a multiple on equity of approximately 1.7x for the project. This is well above Catella's target of average IRR of 20 percent in the business area.

We are pleased with the development in Catella's latest business area, last year's larger sale of Grand Central and also Moussey II during this quarter is proof that we, together with well-established partners, are developing attractive and profitable projects across Europe.

Current projects in Principal Investments are proceeding as planned, and in the coming quarters the divestment of the largest logistics property in the Infrahubs portfolio is planned. The 70,000 m² plus property in Norrköping is the Nordic's largest solar cell-powered facility. The tenant is Postnord TPL, with a contract that spans 10 years.

After the end of the quarter, Catella established a partowned development company in Poland, where Catella intends to develop modern and sustainable rental properties alongside experienced partners. As a first step, student housing and rental properties are planned in one or several major cities over the coming two years.

A quieter quarter on the transaction market

As usual, the third quarter was weak for property transactions and Catella Corporate Finance returned stable profit in the circumstances. Income decreased to SEK 107 M (148) and operating profit decreased by SEK 9 M to SEK -3 M.

In the Nordics, income increased driven by a broader offering, as well as a major capital raising to Gladsheim Fastigheter in Sweden where we remain leading in the market. Income decreased in continental Europe, mainly driven by lower activity on the transaction market for commercial properties. It is pleasing that our broader offering

in the residential segment, as a debt advisor and in connection with IPOs, continues to yield results even in a quieter quarter.

Outlook

In the quarter, the fund Catella European Residential III was the first to be classified as "dark green" under article 9 of SFDR, which we are proud of. The classification means that the fund's investments have a direct positive impact on the environment and society, and do not negatively affect any other sustainability targets. We have noted strong interest in sustainable investments, which is in line with Catella's goals and continued journey towards becoming a leading sustainable partner linking property and finance.

Our UK operations, APAM, was after the quarter selected for the prestigious investment management mandate as part of Greater Manchester Pension Fund's SEK 9,3 Bn UK property portfolio. This shows that we are a long-term and attractive partner on the European property and investment market. Interest in asset management in PIM remains strong and future committed capital amounts to SEK 15.5 Bn, ensuring strong growth.

Principal Investments continued to invest in projects that meet our return requirements. Over the coming quarters, we will also realize some of the projects in the portfolio.

The fourth quarter is normally the most transaction-intensive for Corporate Finance and we have a strong pipeline, mainly on the Swedish and French markets.

At the end of the quarter, the financial position remained strong at SEK 1.7 Bn in cash and cash equivalents, and an equity ratio of 35 percent, which supports continued profitable growth.

Christoffer Abramson, CEO and President Stockholm, Sweden, 11 November 2021

Our operating segments

At the beginning of 202 I, Catella continued its new strategic focus on properties and expansion on new geographical markets, property types and risk categories. Catella is also broadening its operations further through principal investments and co-investments alongside partners. The operations in the former business area Equity, Hedge and Fixed Income Funds is being wound down (see Note 7). The changes to the operational structure has elicited a review of the Group' operating segments (according to IFRS 8). From the second quarter 202 I, Catella's remaining operations comprise the operating segments *Corporate Finance*, *Property Investment Management* and *Principal Investments*.

Corporate Finance

Catella provides quality capital markets services to property owners and advisory services for all types of property-related transactions to various categories of property owners and investors. Operations are carried out on ten markets and offer local expertise about the property markets in combination with European reach.

For more information about the business area, see page 7.

Property Investment Management

Catella is a market leader in property investments with a presence on ten markets around Europe. Professional investors are offered attractive, risk-adjusted returns through regulated property funds, asset management services and project management in the early phase of property development projects.

For more information about the business area, see page 8-9.

Principal Investments

Through Principal Investments, Catella carries out principal property investments alongside partners and external investors. Catella currently invests in offices, residential units and logistics properties on five geographical markets. Investments are made through subsidiaries and associated companies with the aim of generating average IRR of 20% as well as strategic advantages for Catella and other operating segments.

For more information about the business area, see page 10-11.

Comments on the Group's progress

Amounts are in SEK M unless otherwise indicated. Figures in tables and comments may be rounded.

New operating segments

From the second quarter 2021, Catella's remaining operations comprise the operating segments Corporate Finance, Property Investment Management and Principal Investments. The former business area Equity, Hedge and Fixed Income Funds is recognized alongside the Parent Company and other holding companies under the 'Other' category. The 'Other' category includes Catella Bank, which is recognized as a disposal group held for sale in accordance with IFRS 5. This means that in the Group's Income Statement, Catella Bank's net profit (after tax) is reported on a separate line under period profit from disposal group held for sale. See Note 8 for more information.

Comparative figures from previous years have been reported in a corresponding manner.

Net sales and results of operations *Third quarter 2021*

The Group's total income from remaining operations was SEK 376 M (744), and net sales for remaining operations totalled SEK 361 M (565), of which SEK 105 M (148) related to Corporate Finance and SEK 256 M (349) to Property Investment Management. The decreased income in Corporate Finance was mainly attributable to the French and Danish operations but was offset slightly by increased income in the Swedish operations. The decreased income in Property Investment Management was attributable to the service area Property Asset Management which received substantial variable income from the divestment of the property development project Grand

Central in Düsseldorf, Germany in the third quarter 2020. The decreased income in Property Investment Management was also attributable to the divestment of Catella Asset Management SAS in January 2021. Principal Investments recognized income of SEK 8 M (176) in the period, of which SEK 5 m relates to profit from the sale of the French property development project Moussey Logistique II. Last year's profit included income of SEK 176 M from the divestment of the property development project Grand Central.

The Group's operating profit for remaining operations was SEK 5 I M (259). Of the profit decrease of SEK 208 M, SEK 229 M is attributable to Grand Central. Comments on the progress of each operating segment can be found on pages 7-11.

The Group's net financial income/expense was SEK -1 M (-13), of which interest expenses and loan arrangement fees were SEK 20 M (12) and positive exchange rate differences SEK 10 M (3).

The Group's profit/loss before tax for remaining operations was SEK 50 M (246).

Profit/loss for the period (after tax) from disposal group held for sale was SEK -I M (5) and related to Catella Bank.

Profit/loss in the period for the Group's total operations was SEK 36 M (220), of which SEK 34 M (220) was attributable to Parent Company shareholders. This corresponded to Earnings per share of SEK 0.39 (2.49).

Nine-month period 2021

The Group's total income in the ninemonth period was SEK 1,173 M (1,771), and the Group's net sales was SEK 1,131 M (1,513). The Group's decreased income was attributable to

divested operations (SEK -188M), operations being wound down (SEK -172 M) and the project Grand Central (-262 M). Operating profit/loss for remaining operations was SEK -2 M (370).

The Group's net financial income/expense was SEK 84 M (-56), and includes profit from the divestment of the subsidiary Catella Asset Management SAS of SEK 130 M. Interest income amounted to SEK 13 M (5), and interest expenses and loan arrangement fees were SEK 61 M

(39), of which SEK 8 M related to non-recurring expenses for the repurchase and early redemption of an existing bond. The divestment of shares in IPM Systematic Macro realized further losses of SEK 13 M. Net financial income/expense also included positive exchange rate differences of SEK 11 M (8).

Profit (after tax) from disposal group held for sale was SEK -8 M (-85) in the ninemonth period 2021.

Profit/loss for the period for the Group's total operations was SEK 31 M (81), of which SEK 79 M (73) was attributable to Parent Company shareholders. This corresponds to Earnings per share of SEK 0.90 (0.82).

Significant events in the quarter

- Catella completed a fourth investment in logistics properties in Ljungby through the Infrahubs Group.
- Andreas Wesner was appointed new CEO of Catella's German fund manager Catella Real Estate AG.

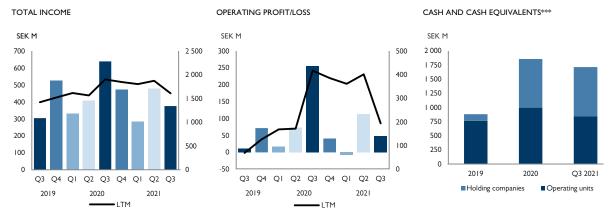

Significant events after the end of the quarter

There were no significant events after the end of the quarter.

Corporate Finance

Third quarter 2021

The total transaction market for commercial property in Europe, excluding the UK, totalled EUR 468 Bn (428) in the quarter, which is an increase of 9% year-on-year.

Property transactions where Catella acted as advisor totalled SEK 7.0 Bn (9.7) in the quarter. Of the total transaction volumes in the quarter, Sweden provided SEK 3.1 Bn (1.4), France 2.6 Bn (2.1), Finland 0.8 Bn (1.3) and Denmark 0.1 Bn (4.5).

Total income was SEK 107 M (148), and total income, adjusted for assignment costs, decreased by SEK 27 M attributable

to continental Europe. The Group's operating profit totalled SEK -3 M (6), a decrease of SEK 9 M year-on-year.

Operating costs decreased by SEK 19 M, mainly due to lower performance based personnel costs.

In the Nordics, income after assignment costs and operating profit/loss were higher year-on-year, mainly driven by Sweden, which saw more transactions and capital markets related services.

In continental Europe, operating profit/loss decreased in France and Germany year-on-year, while Spain remained unchanged year-on-year.

Nine-month period 2021

Transaction volumes in Europe, excluding the UK, totalled EUR 1,530 Bn (1,555) in the period, a decrease of 2% year-on-year. Catella's transaction volume in the period was SEK 30.3 Bn (26.7).

Total income was SEK 383 M (362), and operating profit/loss was SEK 14 M (-10) in the period.

Third quarter 2021

Total income was SEK 260 M (349), and income after assignment costs amounted to SEK 213 M (319) in the quarter.

Property Funds' income after assignment costs increased by SEK 17 M year-on-year, driven by fixed income.

Property Asset Management's income decreased by SEK 88 M, adjusted for sale of the French operations, year-on-year. The decrease in income was mainly due to

the divestment of the property development project Grand Central in Düsseldorf through Catella Project Management in the previous year.

Operating costs decreased mainly due to lower variable personnel expenses.

Operating profit/loss was SEK 57 M (92), of which Property Funds increased by SEK 5 M mainly driven by growth in assets under management. Property Asset

Management decreased by SEK 40 M year-on-year.

Nine-month period 2021

Catella's assets under management in the business area increased by SEK 10.5 Bn in the period, totalling SEK 111.9 Bn at the end of the period, adjusted for France.

Total income was SEK 755 M (886), and operating profit/loss was SEK 168 M (209).

Property Investment Management

Assets under management by service area and country

Catella is a leading specialist in property investments in Europe that offers institutional and other professional investors attractive, risk-adjusted returns through two service areas: Property Funds and Property Asset Management.

Property Funds offers specialized funds with different investment strategies in terms of risk and return, type of property and location. Through over 20 open specialized

property funds investors gain access to fund management and efficient allocation between different European markets.

Catella's Property Asset Management business area provides asset management services to property funds, other institutions and family offices. Project Management, which is reported under the Property Asset Management service area, offers early-stage investment opportunities in development projects. Catella identifies development po-

tential for land parcels and properties, arranges project financing, participates in co-financing and completes the sale once planning permission has been granted.

Assets under management amounted to SEK 81.6 Bn in Property Funds and SEK 30.3 Bn in Property Asset Management at the end of the period, of which some 73 percent are invested in Catella's property funds.

ASSETS UNDER MANAGEMENT BY SERVICE AREA

ASSETS UNDER MANAGEMENT BY COUNTRY

Change in assets under management

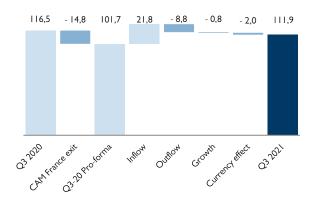

Assets under management increased from SEK 101.7 Bn to SEK 111.9 Bn in the last 12-month period, adjusted for the divestment of the French subsidiary Catella Asset Management SAS. The increase of SEK 10.2 Bn was mainly driven by an inflow to residential funds Catella Wohnen Europa, Catella Modernes Wohnen and Catella

European Residential III, and two new mandates in Property Asset Management in the UK in retailing, e.g. shopping centres.

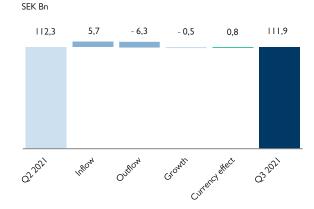

Assets under management decreased by SEK 0.4 Bn to SEK 111.9 Bn in the quarter. Inflows of SEK 5.7 Bn were mainly driven by acquisitions of residential properties in areas such as Hamburg, Dortmund, Århus and Seville through Catella Property Funds. Management of the properties will be handled

locally by Catella's Asset Management operations, which contributes to additional income for the Property Investment
Management business area. Outflows of
SEK 6.3 Bn were mainly due to concluded
mandates in Catella Asset Management
Sweden and Catella Hospitality Europé.

Principal Investments

In Principal Investments, Catella makes own real estate investments together with partners and external investors. The target of the investments is to generate an IRR of 20 percent on average and create strategic benefits for Catella's other business areas.

Third quarter 2021

Total income was SEK 8 M (176) in the third quarter, of which SEK 5 m relates to profit from the sale of the French property development project Moussey

Logistique II. Last year's profit included income of SEK 176 M from the divestment of the property development project Grand Central. In the third quarter, Catella extended its investment portfolio through joint venture Infrahubs with two development projects comprising investments in Matsmart Scandinavia AB's new central warehouse facility in Örebro and a new logistics property for PostNord TPL AB in Ljungby. The total development cost is ex-

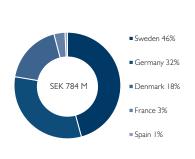

pected to amount to SEK 184 M for Örebro and SEK 178 M for Ljungby, where Catella's ownership stakes represent 50 percent and 40 percent respectively.

Nine-month period 2021

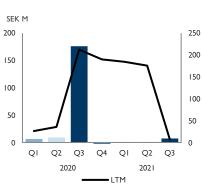

In the nine-month period Catella invested SEK 571 M in residential, logistics and office projects throughout Europe.

Dividend

Catella's target is to distribute 50 percent of the Group's profit after tax adjusted for unrealized value growth to shareholders each year.

Risks and uncertainties

A few companies in the Catella Group conduct operations that are under the supervision of regulatory financial authorities on their respective domestic markets. In addition, Catella's consolidated financial situation has been under the supervision of CSSF in Luxembourg since 3 I March 2016. Catella continuously seeks to ensure com-

pliance with existing regulatory frameworks and to prepare for future compliance with coming regulatory changes. In connection with Catella Bank returning the license, however, the compliance demands will decrease.

The preparation of financial statements requires the Board of Directors and Group management to make estimates and judgements of the value of loan portfolios, goodwill, trademarks and brands, as well as assumptions concerning revenue recognition. Actual outcomes may differ from these estimates and judgements, due to other circumstances or changed conditions. See Note 4 in the Annual Report 2020 for significant estimates and judgements.

Catella invests large amounts in property development projects, mainly through associated companies but also through subsidiaries. Catella's primary intention is to invest in the early phase of projects and divest the holding as soon as it is commercially advantageous. The investments include the risk that Catella companies are forced to choose between continuing to invest in late stages of projects, run the projects to completion or leaving the project and losing the invested capital.

Seasonal variations

Within the Corporate Finance operating segment, seasonal variations are significant. Transaction volumes and income have historically been the highest in the fourth quarter.

Accounting principles

This Interim Report has been prepared in compliance with IAS 34 Interim Financial Reporting and the Swedish Annual Accounts Act.

The Consolidated Financial Statements have been prepared in compliance with International Financial Reporting Standards (IFRS) as endorsed by the EU, the Annual Accounts Act and RFR I Complementary Accounting Rules for Groups issued by RFR, the Swedish Financial Reporting Board.

Catella applies gradual revenue recognition for property development projects where sales agreements have been entered into with an external party in accordance with IFRS 15 Revenue from

contracts with customers. Property projects where no sales agreement has been

signed with an external party are recognized according to IAS 2 at the lower of cost and net sales value. Cost comprises acquisition costs, development expenses and cost of borrowing.

The Parent Company's financial statements were prepared in accordance with the Swedish Annual Accounts Act and Recommendation RFR 2 Accounting for legal entities, issued by RFR, the Swedish Financial Reporting Board.

The information provided in Note 8 regarding the consolidated financial situation, relating to parts of Catella's operations, has been prepared in accordance with the Group's accounting policies and the Annual Accounts for Credit Institutions and Securities Companies Act.

The Group's and Parent Company's key accounting principles are presented in Catella's Annual Report for 2020. Figures in tables and comments may be rounded.

Related party transactions

In November 2020, Catella acquired shares in the subsidiary Infrahubs Fastighet 2 AB, which is constructing a logistics property in Norrköping which has been fully let to Postnord TPL AB. As of 30 September 2021, Catella had invested SEK 222 M in the company. Catella guarantees the fulfilment of the rental agreement in relation to Postnord. Catella's main owner CA Fastigheter AB has presented an unconditional commitment, without compensation, to invest the requisite capital in Infrahubs Fastighet 2 AB in exchange for shares in the company corresponding to the investment. The guarantee may be utilized to the extent other financing cannot be obtained for the project. In the third quarter 2021, Catella obtained external bank financing and the guarantee is currently not expected to be utilized.

Catella holds shares in the associated company Catella Project Capital GmbH, whose other owners are the Claesson & Anderzén group and the management of Catella Project Management GmbH. For more information, see Principal Investments of this report and Notes 20 and 38 in the Annual Report 2020.

Catella's German subsidiary Catella Project Management GmbH (CPM) operates

the property development projects within associated company Catella Project Capital GmbH. Furthermore, Catella's French subsidiary Catella Logistic Europe SAS (CLE) operates property development projects through a number of associated companies. No part of the fees levied for services rendered that CPM and CLE invoice associated companies have been eliminated in Catella's Consolidated Income Statement as associated companies fall outside Catella's associated enterprises.

Report of review of interim financial information

Auditor's review report for interim financial information in summary (Interim Report) prepared in accordance with IAS 34 and Chapter 9 of the Swedish Annual Accounts Act.

Introduction

We have reviewed the condensed interim financial information (Interim Report) of Catella AB (corporate ID no. 556079- 1419) as of 30 September 2021 and the nine-month period then ended. The Board of Directors and CEO are responsible for the preparation and presentation of this Interim Report in accordance with IAS 34 and the Annual Accounts Act. Our responsibility is to express a conclusion on the Interim Report based on our review.

Scope of review

We have conducted our review in accordance with the International Standard on Review Engagements ISRE 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review consists of making inquiries, primarily of

persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review has a different focus and is significantly limited in scope compared to the focus and scope of an audit conducted in accordance with the International Standards on Auditing and generally accepted auditing standards generally. The procedures performed in a review do not allow us to obtain a level of assurance that would make us aware of all significant matters that might have been identified in an audit. Therefore, the conclusion expressed based on a review does not provide the same level of assurance as a conclusion expressed on the basis of an audit.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the Interim Report has not been prepared, in all material respects, for the Group in accordance with IAS 34 and the Swedish Annual Accounts Act and for the parent company in accordance with the Annual Accounts Act.

The operating segments reported above, Corporate Finance, Property Investment Management and Principal Investments, are consistent with internal reporting submitted to management and the Board of Directors and thus represent the Group's operating segments in accordance with IFRS 8, Operating Segments. The Parent Company, other holding companies and operations being wound down are recognised in the "Other" category. Acquisition and financing costs and Catella's trademark are also recognised in this category. "Other" also includes the elimination of intra-group transactions between the various operating segments. Transactions between the operating segments are limited and relate mainly to financial transactions and certain reinvoicing of expenses. Any transactions are conducted on an arm's length basis.

Note 3. Summary of Catella's loan portfolios

Loan portfolios

The loan portfolios comprise securitised European loans with primary exposure in housing. The performance of the loan portfolios is closely monitored and revaluations are made on a continuous basis. Forecasts are conducted by the French investment advisor Cartesia S.A.S. The book value in Catella's

Consolidated Accounts is determined based on the projected discounted cash flows mainly comprising interest payments but also amortisation.

A summary of Catella's loan portfolio as well as actual and forecast cash flows are presented in the Note.

Method and assumptions for cash flow projections and discount rates

The cash flow for each loan portfolio is presented in the table on the next page and the discount rates by portfolio are stated above. More information about the loan portfolio can be found on the following page and in Catella's annual report 2020.

Cash flow projections

The portfolio is measured according to the fair-value method, according to the definition in IFRS. In the absence of a functioning and sufficiently liquid market for essentially all investments, as well as for comparable subordinated investments, the measurement is performed by using the 'mark-tomodel' approach. This approach is based on forecasting cash flow until maturity for each investment on the basis of marketbased credit assumptions. Projected cash flows have been produced by external investment advisor Cartesia. The credit assumptions produced by Cartesia are based on historical performance of the individual investments and a broad selection of comparable transactions. In the projected cash

flows, an assumption is made of the potential weakening of the credit variables. These do not include the full effect of a scenario, with low probability and high potential negative impact, such as the dissolution of the Eurozone, where one of the countries in which EETI has its underlying investments, leaves the European monetary union or similar scenarios. Adjustments of cash flows impact the value and are presented in a sensitivity analysis on Catella's website.

Discount rates

The discount rates applied are set internally and are based on a rolling 24-month index of non-investment grade European corporate bonds as underlying assets (iTraxx). The discount rates per portfolio were also determined relative to other assets in the absence of market prices for the assets held by EETI. Each quarter, the Board of EETI evaluates forecast cash flows and assumptions in combination with market pricing of other assets, in order to make potential adjustments to discount rates in addition to index variations. Adjustments to discount rates affect this value

and are stated in a sensitivity analysis on Catella's website.

Risks and uncertainties relating to loan portfolios

Most of the investments consist of holdings in and/or financial exposure to securities that are subordinate in terms of payment and are ranked lower than securities that are secured or represent ownership of the same asset class. Some investments also include structural features by which more highly ranked securities that are secured or represented by ownership of the same asset class are prioritized in instances of default or if the loss exceeds predetermined levels. This could lead to interruptions in Catella's expected revenue flow from its investment portfolio. For more information, see Note 22 in the Annual Report for 2020

Clean-up call

A clean-up call affects all sub-portfolios and constitutes an option held by the issuer that enables the repurchase of the sub-portfolio when the outstanding loans have been repaid and are less than 10% of the issued amount. The administration of

^{**} The discount rate recognised in the line "Total cash flow" is the weighted average interest of the total discounted cash flow.

^{***} Catella's loan portfolio also includes the portfolios Pastor 3, 4 and 5 as well as Lusitano 4 whose book value have been attributed a value of SEK 0.

the portfolio is frequently unprofitable when it falls below 10% of the issued amount, and this structure allows the issuer to avoid additional costs.

Time call

The time call affects sub-portfolio Lusitano 5 and constitutes an option held by the issuer that enables the repurchase of the

sub-portfolio at a specific point in time, and from time to time subsequently.

Pastor 2

The value of the underlying loans falls below 10 percent implying that Catella judges that a repurchase will take place at the latest in the fourth quarter 2022. Catella considers the credit risk to be low, although the precise timing of the exercise of the option is difficult to forecast as it is determined by several unknown factors relating to the issuer.

Lusitano 5

The forecast cash flows for the sub-portfolio Lusitano 5, assume that the issuer will not utilise its time call. However, the discount rate was increased in the fourth quarter 2020 to reflect the probability that the issuer will exercise its option to repurchase Lusitano 5 for an amount of some EUR 3.2 M. This probability is expected to increase over time, and in the event that the issuer exercises the option, this would imply impairment of the value of some EUR 2 M.

Catella continuously monitors the issuing bank in order to evaluate the probability of the option being exercised.

Note 5. The Group's assets and liabilities measured at fair value

In accordance with IFRS 7, financial instruments are recognized on the basis of fair value hierarchically with three different levels. Classification is based on the input data used for measuring instruments. Quoted prices on an active market on the reporting date are applied for level 1. Ob-

servable market data for the asset or liability other than quoted prices are used in level 2. Fair value is determined with the aid of valuation techniques. For level 3, fair value is determined on the basis of valuation techniques based on non-observable market data. Specific valuation techniques used for level 3 are the measurement of

discounted cash flows to determine the fair value of financial instruments. For more information, see Note 3 in the Annual Report 2020.

The Group's assets and liabilities measured at fair value as of 30 September 202 I are stated in the following table.

Note 7. Operations in the process of being wound down

IPM has a long history as a market-leading global systematic macro manager with strong long-term returns and a low correlation to both equities and bonds. Recently, the investment market for systematic macro funds has been very challenging and IPM has generated weak returns and experienced large capital outflows. In April, Catella in consultation with the Board of IPM, decided to recommend that IPM terminate its investment operations and return all capital to investors. The operations in IPM are therefore being wound down. IPM is recognized alongside the Parent Company and other holding companies under the category Other.

The following Income Statement and Statement of Financial Position in summary for IPM excludes eliminations between IPM and other

operating segments, the Parent Company or other holding companies.

Third quarter 2021

No income was recognized in the third quarter. However, operating profit for the period was positive and amounted to SEK 3 M (-5) as a result of a new estimate of total liquidation costs, which gave rise to a reversal of a part of remaining provisions. Furthermore, IPM reversed untaxed reserves for taxation, which resulted in deferred tax income of SEK 1 M. Profit/loss for the period totalled SEK 4 M (-1).

Nine-month period 2021

Total income was SEK 34 M (206), and operating profit/loss for the year was SEK - 117 M (23) and includes liquidation costs

of SEK 98 M. In addition, the Group has impaired goodwill attributable to IPM and which affected Group profit by SEK -39 M. Profit/loss for the period totalled SEK -130 M (13). Profit for the period including goodwill impairment amounted to a total of SEK -169 M. Of this amount, SEK -118 M was attributable to

Parent Company shareholders and SEK - 51 M was attributable to non-controlling interests. Impairment of goodwill is reported as Depreciation and amortisation in the Consolidated Income Statement.

Note 8. Disposal group held for sale

Catella Bank is reported as a disposal group held for sale in the Consolidated Income Statement. Comparative figures from previous years have been reported in a corresponding manner. The following Income Statement and Statement of Financial Position in summary for Catella Bank do not include eliminations between the bank and Other operating segments, the Parent Company or other holding companies.

In the first quarter 2019, Catella Bank divested its Wealth Management operations in Sweden and Luxembourg and its card issuing operations. The migration of card customers

to Advanzia Bank was completed in the first quarter 2020.

In May 2020, the Board of Catella AB (publ) decided to terminate the operations in Catella Bank. In June 2021, an application to return the banking license to the supervisory authority was filed.

Third quarter 2021

Operating profit was SEK -3 M (-9) and financial items totalled SEK 2 M (1), of which SEK 1 M relates to intra-Group interest income and SEK 1 M relates to positive exchange rate effects from the

revaluation of open exchange rate positions in SEK. Profit/loss for the period totalled SEK -I M (5).

Nine-month period 2021

Profit/loss for the period totalled SEK -8 M (-85).

In the first quarter, Catella Bank divested its holding of Visa Class A shares. Recognized profit from Visa Class A shares and the unrealized value adjustment of the remaining Visa Class C preference shares totalled SEK 11 M and was recognized under Other comprehensive income.

Note 9. Capital adequacy—consolidated financial situation

Catella AB and the subsidiaries that conduct operations regulated by Swedish or foreign financial supervisory authorities comprise a financial corporate Group, known as a consolidated financial situation. The consolidated financial situation is under the supervision of the Luxembourg supervisory authority, CSSF. Catella Bank S.A is the reporting entity and responsible institute. Group companies included in/excluded from the consolidated financial situation are shown in Note 20 of Catella's Annual Report 2020.

In June 2021, Catella filed an application to return the banking license to the supervisory authority with the ambition of terminating the consolidated financial situation before the end of 2021.

The consolidated financial situation is obliged to adhere to the European Parliament's regulation (EU) 575/32013 (CRR).

The Annual Accounts for Credit Institutions and Investment Firms Act (1995: 1559), ÅRKL, stipulates that consolidated accounts shall be prepared for a consolidated financial situation. Catella complies

with this requirement by supplying the information contained in this Note on the consolidated financial situation's accounts in accordance with ÅRKL. The accounting principles indicated in Other financial information have been applied when preparing these financial statements and are consistent with ÅRKL. Otherwise, please refer to Catella AB's consolidated accounts.

The following tables present extracts from the accounts of the consolidated financial situation.

Application of key performance indicators not defined by IFRS

The Consolidated Accounts of Catella are prepared in accordance with IFRS. See above for more information regarding accounting principles. IFRS defines only a limited number of performance measures. From the second quarter 2016, Catella applies the European Securities and Markets Authority's (ESMA) new guidelines for alternative performance measures. In summary, an alternative performance measure is a financial measure of historical or future

profit progress, financial position or cash flow not defined by or specified in IFRS. In order to assist corporate management and other stakeholders in their analysis of Group progress, Catella presents certain performance measures not defined under IFRS. Corporate management considers that this information facilitates the analysis of the Group's performance. This additional information is complementary to the information provided by IFRS and does

not replace performance measures defined in IFRS. Catella's definitions of measures not defined under IFRS may differ from other companies' definitions. All of Catella's definitions are presented below. The calculation of all performance measures corresponds to items in the Income Statement and Balance Sheet.
