Invitation to presentation of the Interim Report

Catella will be presenting the Interim Report and answering questions in a teleconference today 14 November 2019 at 9 a.m. CET. The presentation will be in English and will be made by Catella's CEO and President Knut Pedersen and CFO Marcus Holmstrand. To participate in the teleconference, go to www.catella.com or call +46 (0)8 505 58 359.

^{*} Attributable to shareholders of the Parent Company. Includes disposal group held for sale. ** Variable earnings calculated on Systematic Macros' performance-based management fee. In order for the performance-based management fee to be settled at year end, and recognized for profit/loss, returns must be higher than comparative indices and the most recent level settled (High watermark). Accordingly, actual settlement at year end may be higher, lower or entirely absent relative to the indicated amount. Amounts can never fall below zero. *** Remaining operations

"Fixed earnings continues to increase"

Catella continues to grow and total income increased by 10% in year-on-year terms. The increase was largely due to fixed earnings as a result of continued growth in Property Investment Management which increased assets under management by some SEK 34 Bn year-on-year. Operating profit/loss decreased by SEK 18 M burdened by increased personnel and rental costs in connection with the start-up of new operations in Property Investment Management and new product initiatives, which are an important part of our strategy for continued growth.

Net financial income/expense in the quarter was negatively affected by impairment losses of SEK 85 M attributable to the loan portfolios, which had a book value of SEK 141 M at the end of the third quarter.

Corporate Finance

Income after transaction expenses increased by SEK 16 M year-on-year, while operating profit/loss increased by SEK 6 M in the same period. Activity levels remained high in the business area, with the fourth quarter normally the strongest in seasonal terms.

The reorganisation in Finland, which has been underway since 2018 and included a new management team and a sharpened focus, has resulted in increased profit in the year due to an improved product mix and market position. In the Nordics and France, we have a very strong market position and are taking steps towards strengthening our position in Germany.

Property Investment Management

At the end of the quarter, assets under management to-talled SEK 100 Bn, an increase of some SEK 34 Bn year-on-year. The third quarter didn't bring any major transactions from ongoing mandates. However, activity levels in the business area are high and we're executing on the basis of existing mandates and are seeing considerable interest in our new initiatives.

We're continuing to launch new funds within Property Funds, where investor interest is strong and we're seeking out new investments in the various segments. Winning Regions, which focuses on commercial properties in European growth regions was launched during the quarter. European Student Housing Fund II has secured EUR 100 M in capital commitments from investors, with the objective of investing EUR 250 M. Catella European Residential III, a residential property fund based in Luxembourg which aims to reach EUR 1.0 Bn and carries out diversified investments across Europe, had received commitments from investors totalling some EUR 100 M at the end of the third quarter.

Catella Wohnen Europa, a pan-European residential property fund, acquired its first properties in Finland in the

quarter, totalling EUR 80 M. Catella's Finnish Property Asset Management operations will serve as the local partner and manage the properties. This partnership is fully in line with our strategy of creating added value for our customers by offering products and services between and within our business areas.

In the third quarter, we established Catella Hospitality Europe, which is part of Property Asset Management. The purpose of the establishment is to capitalise on the opportunities in this fast-growing property segment where we intend to offer investors services relating to acquiring structuring and managing customised hotel investments.

We perceive considerable potential for continued growth in the business area as a result of the continued development of niche products with investments carried out through our network of local asset managers.

Equity Hedge and Fixed Income Funds

As previously communicated, we have decided to terminate the Systematic Equity product due to low demand from investors and unsatisfactory profitability from a company perspective, which implied a decrease in assets under management of SEK 18 Bn in the quarter. Excluding Systematic Equity, assets under management decreased by SEK 5 Bn in the quarter. Systematic Macro made weak progress up until mid-August this year, followed by a pronounced recovery towards the end of the quarter and in the first part of the fourth quarter. Accrued variable earnings in Systematic Funds amounted to SEK 9 M at the end of the period.

In Mutual Funds, we've strengthened the asset management team further and are continuously working to optimise active management. In parallel with this, we're intensifying our efforts relating to new products under Catella Loan Fund, which has a clear focus on institutional customers. The fund focuses on loans to medium-sized businesses in the Nordics aiming to make acquisitions, carry out refinancing and/or make ownership changes.

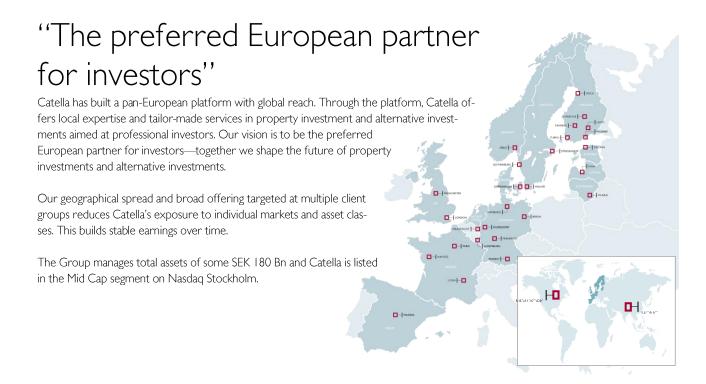

Annualised profit from fixed earnings/fixed expenses in the business area was SEK 339 M at the end of the quarter, a decrease of SEK 2 M compared to the third quarter 2018.

Strong close to 2019

Through associated company Nordic Seeding GmbH, Catella signed an agreement with German property developer CG Gruppe AG regarding the divestment of the property development project Grand Central in Düsseldorf, Germany. The transaction will have a positive effect on profit after tax of some SEK 170 M in the fourth quarter 2019.

Overall, the quarter was characterised by high activity and several important steps were taken with clear links to Catella's strategic focus areas, with the aim of generating profitable growth.

President and CEO

UNFOLDING THE CATELLA STRATEGY

A focused Catella

Catella is the link between the property and financial markets. We create value for our stakeholders by working towards a clear vision together. The various parts of our strategy are like building blocks in a house—all the parts are important and necessary for achieving long-term success.

Our segments and business areas

Remaining operations in Catella comprises three business areas which reports two segments: Corporate Finance and Asset Management, where the latter includes Property Investment Management and Equity, Hedge and Fixed Income Funds.*

Corporate Finance

Catella provides quality capital markets services to property owners and advisory services for all types of property-related transactions to various categories of property owners and investors. Operations are carried out on ten markets and offer local expertise about the property markets in combination with European reach.

For more information about the business area, see page 10.

Property Investment Management

Catella is a market leader in property investments with a presence on ten markets around Europe. Professional investors are offered attractive, risk-adjusted returns through regulated property funds, asset management services and project management in the early phase of property development projects.

For more information about the business area, see page 11.

Equity Hedge and Fixed Income Funds

Catella is an active and alternative asset manager. For private and institutional investors, Catella offers funds with active management and a Nordic investment focus. Catella also offer systematic management for institutional investors with a global focus.

For more information about the business area, see page 12.

*Catella has four business areas (operating segments under IFRS 8), of which Banking is reported as a disposal group held for sale (see Note 7), which are aggregated into two reportable segments that Catella terms Operating Segments. IFRS 8 permits that two or more operating segments may be aggregated to one, providing that they have similar accounting characteristics, and are also similar in terms of the character of products and services, the nature of production process, customer categories, distribution, and the extent to which operations, where applicable, are affected by various regulatory structures and risks. On this basis, Catella has defined Corporate Finance (consisting of the Corporate Finance operating segment) and Asset Management (consisting of the combined Property Investment Management, Equity, Hedge and Fixed Income Funds, and Banking operating segments), as the Group's reportable segments.

Comments on the Group's progress

Amounts are in SEK M unless otherwise indicated. Figures in tables and comments may be rounded.

Disposal group held for sale

As previously communicated, the Banking business area is being wound down and has been reported as a disposal group held for sale in accordance with IFRS 5 from 30 September 2018. This means that in the Consolidated Income Statement Banking's net profit (after tax) is reported on a separate line under profit from disposal group held for sale for the period. See Note 7 for more information on the disposal group held for sale.

Comparative figures for previous years for the Banking business area have been reported in a corresponding manner in the Consolidated Income Statement.

Net sales and results of operation Third quarter 2019

The Group's total income for remaining operations was SEK 517 M (472) and net sales for remaining operations totalled SEK 507 M (465), of which SEK 150 M (145) related to Corporate Finance and SEK 361 M (323) to Asset Management. Fixed as well as variable earnings increased year-on-year. Comments on the progress of each business area can be found on pages 10-12.

The Group's operating profit for remaining operations was SEK 74 M (92). The lower operating profit is mainly due to increased operating costs driven by a growing organisation with higher fixed personnel costs. In addition, operating profit was charged with significantly higher costs of amortization and impairment of intangible assets of which the largest item related to impairment of development expenses for IPM Systematic Equity, a product area that is being wound down.

The Group's net financial income and expense was SEK -107 M (-17), of which the largest item relates to impairment of loan portfolios totalling SEK 85 M. Further-

more, unrealized value changes on holdings in IPM Systematic Macro and currency forwards totalled SEK -5 M and realised profit from currency forwards amounted to SEK -5 M. In addition, net financial income/expense included interest income of SEK 5 M (5) and interest expenses of SEK I I M (10), of which SEK 8 M (7) was attributable to Catella's bond issue and SEK I M (0) related to interest expenses on the company's lease commitments (IFRS 16) which Catella reports from 1 January 2019.

The Group's operating profit before tax for remaining operations was SEK -33 M (74).

Profit for the period (after tax) from disposal group held for sale was SEK -9 M (-38) and related to the Banking business area. Profit included costs in relation to Catella Bank's fulfilment of the purchase agreement with Advanzia Bank. Profit for the period included SEK 46 M of the expected additional purchase consideration from Advanzia Bank net after commission costs, expenses of SEK 14 M related to cancellation of contracts with maturity beyond March 2020 and deferred tax of SEK 9 M.

Profit for the period for the Group's total operations was SEK -69 M (11), of which SEK -83 M (-13) was attributable to parent company shareholders. This corresponds to Earnings per share of SEK -0.96 (-0.16).

Nine-month period 2019

The Group's total income in the ninemonth period was SEK 1,659 M (1,518), and the Group's net sales were SEK 1,631 M (1,473). Operating profit for remaining operations was SEK 300 M (292).

The Group's net financial income and expense was SEK -130 M (-17), of which interest income was SEK 16 M (12) and interest expense SEK 36 M (19). The valuation of long-term securities holdings and short-term investments at fair value resulted in a value adjustment of SEK -96 M (-10). Discontinued currency forwards,

aimed at reducing currency exposure, realised a profit of SEK -15 M (-12), which was partly offset by favourable exchange rate differences of SEK 3 M (5).

Profit (after tax) from disposal group held for sale was SEK 52 M (-96) in the nine-month period 2019. Profit includes income totalling SEK 307 M from transfers of the bank's Wealth Management operations in Luxembourg and in Sweden to VP Bank and Söderberg & Partners and from the transfer of the card issuing operations in Luxembourg to Advanzia Bank. The total income includes SEK 50 M estimated generated variable sales price from Advanzia Bank. Profit also includes deferred tax expenses of SEK 23 M.

Profit for the period for the Group's total operations was SEK 128 M (92), of which SEK 66 M (21) was attributable to parent company shareholders. This corresponds to Earnings per share of SEK 0.76 (0.26).

Significant events in the quarter Recognised impairment losses of SEK 85 M for loan portfolio

In the third quarter of 2019, Catella recognised impairment losses for two loan portfolios, Lusitano 3 and Lusitano 5. The impairment was the result of the issuing bank exercising its time call option to repurchase the Lusitano 3 loan portfolio which has been written down by SEK 48 M. As a result, the assumptions for Lusitano 5 have changed, the probability has increased that the portfolio may be repurchased in the second quarter 2021. The potential repurchase impacts expected cash flows negatively, which resulted in the SEK 33 M impairment loss.

The background to the repurchase relates to changed conditions for the issuing bank. Earlier cash flow forecasts, which were produced by an external advisor, included the assumption that the issuing bank would not exercise its time call option for the loan portfolio.

The repurchase mechanism for Lusitano 3 and Lusitano 5 that triggered the impairment does not apply to Catella's other two loan portfolios, Pastor 2 and Pastor 4.

Impairment losses for Pastor 2 and Pastor 4 amounted to SEK 4 M.

Significant events after the end of the quarter

Catella divests development project

Through associated company Nordic Seeding GmbH, Catella AB (publ) has

signed an agreement with German property developer CG Gruppe AG regarding the divestment of the property development project Grand Central in Düsseldorf, Germany. The transaction will have a positive effect on profit after tax of some SEK 170 M in the fourth quarter 2019.

Catella AB's investment was implemented through associated companies
Nordic Seeding GmbH and Grand Central
Beteiligungs GmbH. The project was developed and managed by Catella's German

sister company Catella Project management GmbH.

Third quarter 2019

The total transaction market for commercial property in Europe, excluding the UK, totalled EUR 51.9 Bn (51.0) in the quarter, which is an increase of 2% year-on-year.

Property transactions where Catella served as advisor totalled SEK 15.8 Bn (16.9). Of the total transaction volumes in the quarter, France provided SEK 7.2 Bn (7.2) Denmark SEK 5.4 Bn (4.1), Sweden SEK 1.4 Bn (3.6) and Germany SEK 0.3 Bn (0.1).

Total income was SEK 152 M (146), and operating profit for the year was SEK 11

M (5) in the quarter. Total income, adjusted for assignment costs, increased by SEK 16 M and operating profit increased by SEK 6 M year-on-year. France is the main driver of the decreased assignment costs as a result of not joint-invoicing, within the mandate, with another external advisor to the same extent as previous year. The increase in operational costs is mainly driven by higher personnel and rental costs. In the Nordics, Denmark provided the majority of operating profit. In continental Europe, France and Germany

increased operating profit while Spain decreased operating profit in year-on-year terms

Nine-months period 2019

Transaction volumes in Europe, excluding the UK, totalled EUR 151.6 Bn (151.3) in the period, which is in line with the corresponding period of the previous year. Catella's transaction volume in the period was SEK 38.1 bn (45.3).

Total income was SEK 421 M (416), and operating profit for the year was SEK 14 M (19) in the period.

Equity Hedge and Fixed Income Funds

Third quarter 2019

New savings in mutual funds in Sweden totalled SEK 25.2 Bn in the quarter. The fund categories with the largest inflow were Short and Long Fixed Income Funds. Equity Funds followed by Hedge Funds had the largest outflow. At the end of the quarter, Mutual Funds' share of Swedish fund volumes was 0.6% (0.8).

The business area assets under management decreased by SEK 23.5 Bn in the quarter. In the quarter, net flows were SEK -0.8 bn in Mutual Funds and SEK -24.1 bn in Systematic Funds. SEK 19 Bn from Systematic Fund's outflow related to the termination of Systematic Equity which generated very low earnings. Income is mainly generated by Systematic Macro,

where assets under management decreased by SEK 2.9 Bn year-on-year, of which net flows were SEK -4.9 Bn in the period.

Total income was SEK 195 M (204) in the quarter, a decrease in year-on-year terms, driven by lower fixed income in Mutual Funds. A majority of income comprised fixed income, which were slightly down year-on-year.

Assignment costs and commission decreased due to reduced fixed income in Mutual Funds. Personnel costs and depreciation and amortization in Systematic Funds increased in year-on-year terms due to a higher number of employees and decommissioning of systems related to Systematic Equity.

Nine-months period 2019

Total Assets under Management in Sweden increased by SEK 811 Bn, of which new savings were SEK 53.3 Bn, totalling SEK 4,789 Bn at the end of the period.

**From 1 January 2018, Systematic Funds has transferred to annual settlement for all products, which means that variable earnings can only be settled and recognized at year end. Variable earnings calculated on
Systematic Macros' performance-based management fee. In order for the performance-based management fee to be settled at year end, and recognized for profit/loss, returns must be higher than comparative indices
and the most recent level settled (High watermark). Accordingly, actual settlement at year end may be higher, lower or entirely absent relative to the indicated amount. Amounts can never fall below zero.

Other financial information

The Group's financial position

In the third guarter, the Group's total assets decreased by SEK 37 M, amounting to SEK 3,912 M as of 30 September 2019. The holding in the property development project Kaktus I TopCo ApS was reclassified in the third quarter, from a holding in associated companies to shares in subsidiaries with full consolidation of Kaktus' Income Statement and Balance Sheet. The change implied that a new Balance Sheet item, Development and project properties, totalling SEK 291 M has been included in the Group's financial position as of 30 September 2019. Kaktus project financing of SEK 218 M was reported as Borrowing from credit institutions under Non-current liabilities. Furthermore, the Balance Sheet item Financial assets valued at fair value in the Income Statement decreased by a total of SEK 82 M as a result of negative value adjustments of SEK 85 M of two loan portfolios.

According to IAS 12, "Income Taxes", deferred tax assets relating to tax loss carry-forwards are recognised to the extent it is probable that future taxable profits will be available. In accordance with this standard, Catella recognized a deferred tax asset of SEK 81 M (SEK 81 M as of 31 December 2018), of which the majority consists of tax loss carry-forwards, which is based on an assessment of the Group's future earnings. The Group had total loss carry-forwards amounting to SEK some 914 M.

Catella has issued a total of SEK 750 M in unsecured bonds which accrue variable interest of 3-month STIBOR plus 400 b.p. The loan matures in June 2022.

The Group also has an overdraft facility of SEK 30 M, of which SEK 30 M was unutilized as of as of 30 September 2019.

In the third quarter, the Group's consolidated equity decreased by SEK 91 M, amounting to SEK 1,680 M as of 30 September 2019. Consolidated equity was also driven by profit in the period of SEK - 69 Bn, by positive exchange rate differences of SEK 26 M, and by positive fair value changes in financial assets, recorded

in 'Other' total profit of SEK 3 M. In addition, Equity in the third quarter was affected by transactions with holding of noncontrolling interests of SEK -5 I M, of which SEK -65 M related to dividend. As of 30 September 2019, the Group's equity/assets ratio was 43% (24% as of 3 I December 2018). The increased equity/assets ratio is mainly due to the significant reduction in total Assets due to divestment of the Banking business area.

Consolidated cash flow

The comments below relate to total Group operations, remaining operations and disposal group held for sale, unless otherwise indicated.

Third quarter 2019

Consolidated cash flow from operating activities before changes in working capital amounted to SEK 38 M (24), of which SEK 70 M was attributable to remaining operations and SEK -32 M to the Banking operations. Tax paid totalled SEK 46 M (34) in the period.

Consolidated cash flow from operating activities was SEK 50 M (255), of which changes in working capital comprised SEK 11 M (231) in the period. Of the changes in working capital, SEK -77 M was attributable to banking operations and SEK 88 M to other operations.

Cash flow from investing activities was SEK -16 M (92), Investments in support systems amounted to SEK 5 M, minor investments were made in property development project and other financial assets in the period. Cash flow from loan portfolios totalled SEK 3 M and terminated currency forward contracts generated liquidity outflows of SEK 6 M in the period.

Parent Company Third quarter 2019

Catella AB (publ) is the Parent Company of the Group. Group Management and other central Group functions are gathered into the Parent Company.

The Parent Company recognised income of SEK 7.8 M (5.6) and operating profit/loss for the year of SEK -9.6 M (-15.9). The improved operating profit/loss was due to decreased variable personnel costs and external contractor costs and reinvoicing of costs related to the divestment of Catella Bank.

The Parent Company also reported financial items totalling SEK -10.4 M (0.3), of which interest and costs for arranging bond loans were SEK 8.6 M and realized profit on derivatives totalled SEK -1.5 M.

In May 2018, Catella started currency hedging using derivatives. The purpose of the hedging of EUR 60 M was to reduce the exchange rate risk in Catella's net exposure in EUR.

Profit/loss before tax and profit/loss for the period was SEK -20.0 M (-15.6).

Cash and cash equivalents in Catella's transaction account in the Group's cash pool with a Swedish credit institute are reported as Current receivables with Group companies. On the reporting date, this item totalled SEK 129.6 M.

At the end of the period, there were 13 (13) employees in the Parent Company, expressed as full-time equivalents.

Nine-month period 2019

Total income was SEK 16.9 M (14.8), and operating profit for the year was SEK -34.5 M (-43.5) in the period. Financial items totalled SEK -50.8 M (-9.5), of which interest and costs for arranging bond loans were SEK 24.5 M (17.1) and profit on derivatives totalled SEK -25.6 M (7.4). Profit before tax was SEK -85.3 M (-53.0) and

profit for the period was SEK -85.3 M (- 37.8).

Employees

The number of employees in remaining operations, expressed as full-time equivalents, was 566 (497), of which 214 (208) were employed in the Corporate Finance operating segment, 330 (269) in the Asset Management operating segment and 22 (20) in other functions.

The number of employees in the divestment group held for sale (Banking) was 80 (170) at period end.

At the end of the period, there were 645 (666) employees, expressed as full-time equivalents.

Share capital

As of 30 September 2019, Catella's registered share capital was SEK 173 M (168), divided between 86,281,905 shares (84 115 238). The quotient value per share is 2. Share capital is divided between two share classes with different voting rights. 2,530,555 Class A shares with 5 votes per share, and 83 75 I 350 Class B shares with I vote per share.

In March 2019, warrant holders exercised 2,166,667 warrants to subscribe for an equal number of new shares at a price of SEK 8.40 per share. The new Class B shares were issued on 8 April 2019 by registration with the Swedish Companies Registration Office and inclusion in Euroclear's share register.

As of 30 September 2019, the parent company had a total of 2,333,334 warrants outstanding, of which 166,667 in treasury. Upon full utilisation of the 2,333,334 warrants, dilution of the capital and votes in the company would be 2.6% and 2.4% respectively.

Shares

Catella is listed on Mid Cap on Nasdaq Stockholm, trading under the ticker symbols CAT A and CAT B. The price of Catella's Class B share was SEK 26.50 (22.25) as of 30 September 2019. Total market capitalization at the end of the period was SEK 2,289 M (1,877).

Shareholders

Catella had 7,238 (7,353) shareholders registered at the end of the period. The principal shareholder on 30 September

2019 was the Claesson & Anderzén Group with 48.3% (48.9) of the capital and 47.8% (48.3) of the votes, followed by Swedbank Robur with 5.8% (6.0) of the capital and 5.9% (6.2) of the votes.

Dividend

Catella's target is to transfer the Group's profit after tax to shareholders to the extent it is not considered necessary for developing the Group's operating activities and considering the company's strategy and financial position. Adjusted for profit-related unrealized value increases, at least 50% of the Group's profit after tax will be transferred to shareholders over time.

Given the growth potential of existing and new operations that is expected to generate long-term shareholder value, Catella paid a dividend of SEK 1.20 per class A and B share to shareholders for the financial year 2018. For the financial year 2017, Catella paid a dividend of SEK 1.00 per Class A and B share to shareholders.

Risks and uncertainties

Catella is affected by progress on the financial markets. The Corporate Finance operation is affected by the market's willingness to execute transactions, which in turn, is determined by the macroeconomic environment and the availability of debt finance.

Asset Management is affected by market progress on Nordic stock exchanges and progress on the property market. There are especially significant operating risks in the banking operations, where there are significant volumes/transactions using real-time systems that require 24-hour availability. At a pace with the wind down of the banking operations in 2019, the operational risk is expected to decrease.

A number of companies in the Catella Group conduct operations that are under the supervision of regulatory financial authorities in their respective domestic markets. Existing regulatory frameworks and rapid regulatory changes are complex in general, and specifically with regard to Catella's banking operations. These regulatory framework place stringent, and in future even more stringent, demands on the routines and procedures, and liquidity and capital reserves, of the operations under

supervision. Compliance with these regulatory frameworks is a pre-condition for conducting operations subject to supervision. Catella continuously seeks to ensure compliance with existing regulatory frameworks and to prepare for future compliance with coming regulatory changes. At a pace with the wind down of the banking operations in 2019, the regulatory risk is expected to decrease.

The preparation of financial statements requires the Board of Directors and Group management to make estimates and judgements of the value of loan portfolios, goodwill, trademarks and brands, as well as assumptions concerning revenue recognition. Estimates and judgements affect the Group's Income Statement and financial position, as well as disclosures regarding contingent liabilities, for example. See Note 4 in the Annual Report 2018 for significant estimates and judgements. Actual outcomes may differ from these estimates and judgements, due to other circumstances or conditions.

Catella has investments in property development projects in Germany through associated companies Nordic Seeding GmbH and Grand Central Beteiligungs GmbH. The projects are operated by Catella's German subsidiary Catella Project Management GmbH. Through Nordic Seeding GmbH, Catella intends to invest in the early phases of projects where the concept and framework is determined subsequently divesting projects and realizing capital gains before construction begins and projects are completed. The investments include the risk that Nordic Seeding GmbH is forced to choose between continuing to invest in late stages of projects, run the projects to completion or leaving the project and losing the invested capital. The aforementioned risks apply to all property development projects that Catella invests in (see Note 3).

Seasonal variations

Within the Corporate Finance operating segment, seasonal variations are significant. This means that sales and results of operations vary during the year. In Corporate Finance, transaction volumes are usually highest in the fourth quarter, followed by the second quarter, the third quarter and finally the first quarter.

Accounting principles

This Interim Report has been prepared in compliance with IAS 34 Interim Financial Reporting and the Swedish Annual Accounts Act.

The Consolidated Financial Statements have been prepared in compliance with International Financial Reporting Standards (IFRS) as endorsed by the EU, the Annual Accounts Act and RFR I Complementary Accounting Rules for Groups issued by RFR, the Swedish Financial Reporting Board.

The Parent Company's financial statements were prepared in accordance with the Swedish Annual Accounts Act and Recommendation RFR 2 Accounting for legal entities, issued by RFR, the Swedish Financial Reporting Board.

In October - December 2018, Catella Bank signed agreements regarding the sale of all its operations through the transfer of assets and liabilities to three different market operators. From 30 September 2018, the Banking business area has been reported in accordance with IFRS 5 Noncurrent Assets Held for Sale and Discontinued Operations. This means that in the Consolidated Income Statement the bank's net profit (after tax) is reported on a separate line under Profit from disposal group held for sale for the period. The comparative figures in the Income Statement for the current and previous year have been adjusted as if the banking operations had never formed part of the Group's operations. In the Consolidated Statement of Financial Position, the bank's assets and liabilities are reported separately from other assets and liabilities on separate lines under Assets in divestment group held for sale and Liabilities in divestment group held for sale respectively. However, comparative figures from earlier years relating to the bank's assets and liabilities have not been reclassified in this way.

The information provided in Note 10 regarding the consolidated financial situation, relating to parts of Catella's operations, has been prepared in accordance with the Group's accounting policies and the Annual Accounts for Credit Institutions and Securities Companies Act.

IFRS 16 "Leases" was published in January 2016 and applies from 1 January 2019. The implementation of the standard im-

plies that virtually all lease contracts are reported in the Balance Sheet. The standard does not distinguish between operating and financial lease contracts. An asset (the right to use a leased asset) and a financial liability corresponding to the company's commitment to pay lease charges must be reported for virtually all lease commitments. One exception exists for short contracts and contracts of minor value. Catella mainly has leasing contracts for office premises and cars. Catella applies the simplified standard and does not restate comparative figures. Accordingly, Catella reported two new items in the Consolidated Statement of Financial Position: Contractual Assets and Contractual Liabilities, which totalled SEK 194 M and SEK 195 M respectively as of 30 September 2019. The Consolidated Income Statement for the nine-month period 2019 includes amortisation and depreciation of Contractual assets of SEK 43 M and Contractual liabilities of SEK 11 M. Rental costs are no longer included in the Consolidated Income Statement. The new accounting standard also affects Group KPIs. The equity/asset ratio for remaining operations had decreased by some 2% as of 30 September 2019. Operating margin and profit margin for remaining operations were only marginally impacted in the nine-month period.

The Group's and Parent Company's key accounting principles are presented in Catella's Annual Report for 2018. Figures in tables and comments may be rounded.

Related party transactions

Catella holds shares in associated companies Nordic Seeding GmbH and Grand Central Beteiligungs GmbH, whose other owners are the Claesson & Anderzén group and the management of Catella Project Management GmbH. Catella's total net investment in both companies amounted to SEK 85 M as of 30 September 2019. The remaining investment commitment in Nordic Seeding GmbH and Grand Central Beteiligungs GmbH amount to SEK 5 M. For more information, see Note 3 of this report and Notes 20 and 39 in the Annual Report 2018.

Catella's German subsidiary Catella Project Management GmbH (CPM) operated the property development projects within associated Nordic Seeding GmbH and Grand Central Beteiligungs GmbH. In the third quarter 2019, CPM invoiced Nordic Seeding GmbH and Grand Central Beteiligungs GmbH SEK 2 m for services provided and a performance-based fee of SEK 3 M related to the sale of the Living Lyon project, in accordance with the purchase agreement. No part of this income was eliminated in Catella's Consolidated Income Statement as the associated companies fall outside Catella's associated enterprises.

Report of review of interim financial information

Auditor's review report for interim financial information in summary (Interim Report) prepared in accordance with IAS 34 and Chapter 9 of the Swedish Annual Accounts Act.

Introduction

We have reviewed the condensed interim financial information (Interim Report) of Catella AB (corporate ID no. 556079-1419) as of 30 September 2019 and the nine-month period then ended. The Board of Directors and CEO are responsible for the preparation and presentation of this Interim Report in accordance with IAS 34 and the Annual Accounts Act. Our responsibility is to express a conclusion on the Interim Report based on our review.

Scope of review

We have conducted our review in accordance with the International Standard on Review Engagements ISRE 2410, Review of Interim Financial Information Performed by the Independent Auditor of the Entity. A review consists of making inquiries, primarily of persons responsible for financial and accounting matters and applying analytical and other review procedures. A review has a different focus and is significantly limited in scope compared to the focus and scope of an audit conducted in accordance with the International Standards on Auditing and generally accepted auditing standards generally. The procedures performed in a review do not allow us to obtain a level of assurance that would make us aware of all significant matters that might have been identified in an audit. Therefore, the conclusion expressed based on a review does not provide the same level of assurance as a conclusion expressed on the basis of an audit.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the Interim Report has not been prepared, in all material respects, for the Group in accordance with IAS 34 and the Swedish Annual Accounts Act and for the parent company in accordance with the Annual Accounts Act.

Note 3 Catella's principal investments

From an international perspective, it is important that, in specific circumstances, Catella is able to carry out investments alongside its customers in order to at-tract capital for the projects and products Catella is working on. Over the coming years, Catella intends to set aside capital for these investments, which are primarily in the property sphere.

Catella perceives significant potential in various projects and dedicated property products where Catella's active participation will contribute to growth and credibility in addition to generating positive

returns. The goal is for investments to generate minimum returns (IRR) of 20% over time.

Catella has investments in property development projects in Germany and Denmark (for description of the projects, see below). The investments are made through subsidiaries and associated companies. The projects are run by Catella's German and Danish subsidiaries. Catella intends to invest in the early phases of projects where the concept and framework is determined with the aim to subsequently divest projects and realizing capital gains

before construction begins and projects are completed.

In order to structure its principal investments and support new property products, Catella has established an investment committee whose task is to evaluate the respective investments or divestments of assets.

Catella's principal investments are reported under the 'Other' category below, classified in the same way as the in Group's financial position: Holdings in associated companies, Other non-current securities, Properties held for development and project properties and Current investments.

* The investments include the risk that Nordic Seeding GmbH is forced to choose between continuing to invest in late stages of projects, run the projects to completion or leaving the project and losing the invested capital.

Comments on Catella's principal investments in the third quarter 2019

Investment commitments

Catella's principal investments are reported under the 'Other' category in the Consolidated Income Statement and Statement of Financial Position, see Notes I and 2. As of 30 September 2019, the principal investments totalled SEK 546 M, an increase of SEK 125 M on the previous quarter. The increase is mainly attributable to the re-classification of the holding in the property development project Kaktus I TopCo ApS, from a holding in an associated company to shares in a subsidiary with full consolidation of Kaktus' Income Statement and Balance Sheet. In addition, the loan portfolio decreased as a result of impairment losses totalling SEK 85 M.

Property development projects

Grand Central

Residential property development project with a total expected transaction volume, finalized project, of EUR 500 M located adjacent to the Central Station in Düsseldorf. The project consists of 1,000 apartments on a land area totalling 40,000 m2. The project started in 2015 and Catella

has held planning approval to construct buildings on the land from the outset.

As of October 2019, Catella has entered an agreement relating to the divestment of the project. The transaction will have a positive effect on profit after tax of some SEK 170 M in the fourth quarter 2019.

Seestadt MG+

Residential property development project with a total expected transaction volume, finalized project, of EUR 700 M located adjacent to the Central Station in Mönchengladbach. The project consists of 1,500-2,000 apartments on a land area totalling 140,000 m2. The project started in 2017 and Catella acquired the first land parcel in 2019. Catella is working on producing blueprints for the site and finalising an urbanisation agreement.

Düssel-Terrassen

Residential property development project with a total expected transaction volume, finalized project, of EUR 250 M euro located adjacent to the Central Station in Düsseldorf. The project consists of 800 apartments on a land area totalling 75,000

m2. The project started in 2018 and Catella acquired the first land parcel in 2018. Catella is working on producing blueprints for the site and an urbanisation agreement.

27

Kaktus

Student housing development project to with a total expected transaction volume, finalized project, of EUR 130 M located in central Copenhagen. The project consists of 495 apartments on a land area totalling 25,000 m2. The blueprint was approved in 2017 and planning approval obtained in 2019.

For the Kaktus project, Catella has decided to initiate the construction phase and complete the project in order to realize the maximum potential for Catella's shareholders. However, Catella's ambition is still to divest the project as soon as this is commercially advantageous. The decision implies an increased investment commitment from Catella and has implied the re-classification of the holding in the property development company Kaktus I TopCo ApS from a holding in an associated company to shares in a subsidiary with full consolidation of Kaktus' Income Statement and Balance Sheet. The change means that a new

Balance Sheet item, Properties held for development and project properties, has been included in the Group's financial position from 30 September 2019 onwards.

Loan portfolios

The loan portfolios comprise securitised European loans with primary exposure in housing. The performance of the loan portfolios is closely monitored, and revaluations are made on a continuous basis. Forecasts are conducted by the French investment advisor Cartesia S.A.S. The book value in Catella's Consolidated Accounts is determined based on the projected discounted cash flows mainly comprising interest payments but also amortisation.

A summary of Catella's loan portfolio as well as actual and forecast cash flows are presented in the relevant Note below.

Other holdings

Other holdings mainly consist of listed and unlisted shares in Swedish limited companies.

Method and assumptions for cash flow projections and discount rates

The cash flow for each loan portfolio is presented in the table on the next page and the discount rates by portfolio are stated above. More information about the loan portfolio can be found on the following page and in Catella's Annual Report 2018.

Cash flow projections

The portfolio is measured according to the fair-value method, according to the definition in IFRS. In the absence of a functioning and sufficiently liquid market for essentially all investments, as well as for comparable subordinated investments, the measurement is performed by using the 'mark-tomodel' approach. This approach is based on forecasting cash flow until maturity for each investment on the basis of marketbased credit assumptions. Projected cash flows have been produced by external investment advisor Cartesia. The credit assumptions produced by Cartesia are based on historical performance of the individual investments and a broad selection of comparable transactions. In the projected cash flows, an assumption is made of the potential weakening of the credit variables. These do not include the full effect of a scenario, with low probability and high potential negative impact, such as the dissolution of the Eurozone, where one of the

countries in which EETI has its underlying investments, leaves the European monetary union or similar scenarios. Adjustments of cash flows impact the value and are presented in a sensitivity analysis on Catella's website.

Discount rates

The discount rates applied are set internally and are based on a rolling 24-month index of non-investment grade European corporate bonds as underlying assets (iTraxx). The discount rates per portfolio were also determined relative to other assets in the absence of market prices for the assets held by EETI. Each quarter, the Board of EETI evaluates forecast cash flows and assumptions in combination with market pricing of other assets, in order to make potential adjustments to discount rates in addition to index variations. Adjustments to discount rates affect this value and are stated in a sensitivity analysis on Catella's website.

Risks and uncertainties relating to loan portfolios

Most of the investments consist of holdings in and/or financial exposure to securities that are subordinate in terms of payment and are ranked lower than securities that are secured or represent ownership of the same asset class. Some investments also include structural features by which more

highly ranked securities that are secured or represented by owner ship of the same asset class are prioritized in instances of default or if the loss exceeds predetermined levels. This could lead to interruptions in Catella's expected revenue flow from its investment portfolio. For more information, see Note 23 in the Annual Report for 2018.

Clean-up call

The clean-up call affects all sub-portfolios and constitutes an option held by the issuer that enables the repurchase of the sub-portfolio when the outstanding loans have been amortized and fall below 10% of the issued amount. The administration of the portfolio is frequently unprofitable when it falls below 10% of the issued amount, and this structure allows the issuer to avoid these additional costs. The structure also ensures that investors are not stuck with small and protracted cash flows in the period until the portfolio has been repaid.

Time call

The time call affects the sub-portfolios Lusitano 3 and 5 and constitutes an option held by the issuer that enables the repurchase of the sub-portfolio at a specific point in time and from time to time subsequently.

^{**} These investments were assigned a value of SEK 0.

^{***} The discount rate recognised in the line "Total cash flow" is the weighted average interest of the total discounted cash flow.

^{*} The forecast was produced by investment advisor Cartesia S.A.S.

Pastor 2

According to the earlier forecast, the issuer would exercise its clean-up call in the third quarter 2019, which has not occurred. As of the third quarter 2019, the value of the underlying loans falls below 10%, implying that Catella judges that a repurchase will take place no later than the third quarter 2020.

Lusitano 3

In the third quarter 2019, the issuer exercised its time call option to repurchase Lusitano 3, implying impairment losses of some SEK 51 M. Catella will be repaid the nominal value in the fourth quarter 2019, meaning that the previously forecast future cash flows will not materialise.

Lusitano 5

The forecast cash flows for the sub-portfolio Lusitano 5 assume that the issuer will not utilise its time call. However, the discount rate has been increased to reflect the probability that the issuer will exercise its option to repurchase Lusitano 5 at the nominal value of some EUR 3.3 M in the second quarter 2021.

Catella continuously monitors the issuing bank in order to evaluate the probability of the option being exercised.

^{**} Shield was divested in Q4 2011, Memphis in Q2 2012 and Semper in Q2 2013. Gems was re-purchased in Q1 2016 by the issuer. Ludgate and Minotaure were divested Q1 2018.

Note 5 The Group's assets and liabilities measured at fair value

In accordance with IFRS 7, financial instruments are recognized on the basis of fair value hierarchically with three different levels. Classification is based on the input data used for measuring instruments. Quoted prices on an active market on the reporting date are applied for level 1. Ob-

servable market data for the asset or liability other than quoted prices are used in level 2. Fair value is determined with the aid of valuation techniques. For level 3, fair value is determined on the basis of valuation techniques based on non-observable market data. Specific valuation techniques used for level 3 are the measurement of

discounted cash flows to determine the fair value of financial instruments. For more information, see Note 3 in the Annual Report 2018.

The Group's assets and liabilities measured at fair value as of 30 September 2019 are stated in the following table.

| SEK M | Tier I | Tier 2 | Tier 3 | Total |

| Cash and cash equivalents | 54 | 177 | 167 |
| Other pledged assets | 20 | 49 | 49 |
| | 74 | 226 | 217 |

Cash and cash equivalents include pledged cash funds. These funds are used as collateral in the Asset Management operating segment for ongoing transactions. Cash and cash equivalents also include cash

funds in accordance with minimum retention requirements of Catella Bank's card operations, funds that are to be made available at all times for regulatory reasons as well as frozen funds for other purposes.

Contingent liabilities

| | 2,019 | 2,018 | 2018 |

| Client funds managed on behalf of clients | 2 | 74 | 91 |
| Other contingent liabilities | 5 | 14 | 5 |
| | 8 | 88 | 96 |

Client funds relate to assets belonging to customers and that are managed by Catella Bank branch office. These assets are deposited in separate bank accounts by the branch office under a third-party name.

Other contingent liabilities mainly relate to guarantees which were primarily provided for rental contracts with landlords.

| Investment commitments | 0 | 0 | 0 |
| Other commitments | 0 | 3 | 3 |
| | 3 | 2,767 | 2,763 |

Unutilised credit facilities mainly relate to the credit commitments issued by Catella Bank to credit card clients. A majority of these commitments were transferred to Advanzia Bank as of 1 April 2019. Investment commitments mainly relate to the unlisted holding in Pamica 2 AB and to a lesser extent the associated companies Nordic Seeding GmbH and Grand Central Beteiligungs GmbH.

Note 7 Disposal group held for sale

The Banking business area is reported as a disposal group held for sale in the Consolidated Income Statement. Comparative figures from previous years have been reported in a corresponding manner. The condensed Income Statement and Statement of Financial Position for the Banking business area presented below excludes eliminations between Banking and the business area Corporate Finance and Asset Management.

In the first quarter 2019, Catella Bank divested its Wealth Management operations in Sweden and Luxemburg and its card issuing operations. The migration of card customers to Advanzia Bank continues and is expected to be completed in the beginning of 2020.

Third quarter 2019

Total income was SEK 15 M (75), and profit/loss for the period was SEK -10 M (-34).

Profit/loss for the period included costs of SEK 14 M related to cancellation of contracts with maturity dates beyond March 2020.

Other costs are expected to decrease over the coming quarters and include functions required for the banking operations and fulfilling Catella's commitments under the agreement with Advanzia Bank.

Net financial income and expense included SEK 46 M of the anticipated additional purchase consideration from Advanzia Bank net of commission costs.

As of 30 September, Catella valued the additional purchase consideration from Advanzia at SEK 50 M in accordance with IFRS. The migration of card customers was initiated in September and is expected to be completed in early 2020. At a pace with the migration, Catella will continuously review its assessment of the probable outcome for the additional purchase consideration. An updated valuation of the additional purchase consideration will be completed in the fourth quarter 2019. Catella's overall assessment is still that the equity of Catella Bank as of 30 September 2018 of SEK 437 M will be protected as a result of the winding down of operations.

Note 8 Capital adequacy—consolidated financial situation

Catella AB and the subsidiaries that conduct operations regulated by Swedish or foreign financial supervisory authorities comprise a financial corporate Group, known as a consolidated financial situation. The consolidated financial situation is under the supervision of the Luxembourg supervisory authority, CSSF. Catella Bank S.A is the reporting entity and responsible institute. Group companies currently included in / excluded from the consolidated financial situation are shown in Note 20 of Catella's Annual Report 2018.

Discussions are underway with CSSF regarding the divestment of the bank's operations, reporting and other matters that apply to the consolidated financial situation.

The consolidated financial situation is obliged to adhere to the European Parliament's regulation (EU) 575/32013 (CRR).

The Annual Account s for Credit Institutions and Investment Firms Act (1995: 1559), ÅRKL, stipulates that consolidated accounts shall be prepared for a consolidated financial situation. Catella complies

with this requirement by supplying the information contained in this Note on the consolidated financial situation's accounts in accordance with ÅRKL. The accounting principles indicated in Other financial information have been applied when preparing these financial statements and are consistent with ÅRKL. Otherwise, please refer to Catella AB's consolidated accounts.

The following tables present extracts from the accounts of the consolidated financial situation.

Application of key performance indicators not defined by IFRS

The Consolidated Accounts of Catella are prepared in accordance with IFRS. See above for more information regarding accounting principles. IFRS defines only a limited number of performance measures. From the second quarter 2016, Catella applies the European Securities and Markets Authority's (ESMA) new guidelines for alternative performance measures. In summary, an alternative performance measure is a financial measure of historical or future

profit progress, financial position or cash flow not defined by or specified in IFRS. In order to assist corporate management and other stakeholders in their analysis of Group progress, Catella presents certain performance measures not defined under IFRS. Corporate management considers that this information facilitates the analysis of the Group's performance. This additional information is complementary to the information provided by IFRS and does

not replace performance measures defined in IFRS. Catella's definitions of measures not defined under IFRS may differ from other companies' definitions. All of Catella's definitions are presented below. The calculation of all performance measures corresponds to items in the Income Statement and Balance Sheet.
